DAISY Award nominations are stories of exceptional nursing skill and compassion that will enrich your Pathway to Excellence documentation. Additionally, your adoption of the program may provide the evidence to describe and demonstrate the following standards:

Pathway to Excellence Standard	When You Honor Nurses with The DAISY Award
<p>Standard 1: Shared Decision Making</p> <p>EOP 1.2; EOP 1.3</p>	<p>Did your direct care nurses propose the use of The DAISY Award within your shared governance structure? Did they reference evidence on the use of Meaningful Recognition?</p> <p>https://www.DAISYfoundation.org/DAISY-award/evidence-impact</p>
<p>Standard 2: Leadership</p> <p>EOP 2.3; EOP 2.6; EOP 2.8</p>	<p>Does your leadership team attend DAISY celebrations? Round and present the nominations and pins to those nominated for the award? Nominations may hold documented examples of the relationship of Leadership to Clinical Nurses. Are DAISY stories used to orient new leaders? Are statistics used to identify the number of DAISY Awards made by unit and are these used as a metric of success in evaluations?</p> <p>https://www.DAISYfoundation.org/DAISY-award/nurse-leader-award</p>
<p>Standard 4: Quality</p> <p>EOP 4.2; EOP 4.4; EOP 4.6</p>	<p>Do you use your DAISY nominations to capture the voice of the patient/family? How do you acknowledge these nominations? The DAISY Team Award can highlight extraordinary, nurse-led interprofessional teams and provide examples.</p> <p>https://www.DAISYfoundation.org/DAISY-award/team-award</p>
<p>Standard 5: Well-Being</p> <p>EOP 5.4; EOP 5.6; EOP 5.7; EOP 5.10</p>	<p>Are nurses planning and supporting initiatives like The DAISY Award, which is evidence based to mitigate compassion fatigue and support their well-being?
