Thoughtful Nominations Are Worthy of Acknowledgement

A nomination from a patient and family for compassionate care is most meaningful to a nurse.

“This little pin can mean so much. It keeps nurses going. Pushing, fighting, striving to be better. To do more. Recognition from the people we care for is the steam in our engines. I’m so glad I can touch lives the way I do, even if it is downright hard to do most days. A nurse’s first DAISY is very special, and mine came at a time it was most needed.”

It was a tearful celebration on our fourth floor today as one former patient recognized a nurse for the DAISY Foundation Daisy Award for extraordinary nurses, “I am so grateful for all the laughter, attention, and inspiration received by Wes Cizeski. My life is forever changed in a beautiful way because of Wes.”
Congratulations Wes Cizeski, on being recognized as one of our Q3 Daisy Award winners! 😊

Congratulations to Shelby Weathersbee for being named the April 2019 DAISY Award winner. Here is the nomination letter from Courtney Roberts. Be warned - you will probably need a tissue for this one.

“She is far more than a nurse; she is an angel on earth. Our daughter brought this wonderful person into our lives who has made a greater impact on us than she will ever know. And we are so very blessed to know her.”
